IUSLAKE ADVISES MANAGEMENT OF A GERMAN SUBSIDIARY IN THE AUTOMOTIVE SECTOR IN A CRISIS OF A CHINESE CONGLOMERATE

Iuslake provided ongoing and successful legal advice to the management of a German subsidiary of a Chinese state-owned conglomerate operating in the automotive supply sector. Due to operational and structural problems, including the change from combustion – to e-mobility, the German subsidiary was faced with financial and structural challenges that made legal support for German management imperative.

Iuslake came into the mandate through the recommendation of a bank. The mandate was lead-managed by Dr. Andreas Hautkappe.
