IUSLAKE ADVISES FAMILY OFFICE ON THE ACQUISITION OF THE ALMOST 42,000 SQM HOCHRHEIN COMMERCIAL SITE

The Hochrhein commercial area includes office, commercial and storage space on almost 42,000 square meters in a prime location near the Swiss border in Waldshut-Tiengen. The family office would like to develop the property in a sustainable and new way in the future.

The family office already held a minority stake in the real estate company. Iuslake advised the family office in the context of negotiations with numerous sellers and the increase in their stake in the real estate company to almost 95% as part of a share deal.

If you have any queries hereto, please contact Dr. Andreas Hautkappe. For more information, please be referred to www.iuslake.de.
