IUSLAKE ADVISES STRATEGIC INVESTOR ON POSSIBLE INVESTMENT INTO CAR PARTS DEALER HESS AUTOMOTIVE

After pre-insolvency restructuring measures had passed without result, insolvency proceedings were opened at the end of February 2022 against the auto parts dealer Hess Automotive. The pandemic and the effects of the flood disaster affecting the production of Hess ultimately led to the filing for insolvency.

Iuslake provided comprehensive legal support to a strategic investor in its acquisition attempts prior to as well as in the insolvency proceeding.
